

Swimming Data report

For the academic year 2023-2024, Year 4 attended swimming lessons at Fullwell Cross Baths during the spring term.

All children in year 4 could swim at least 5m after the 7 week block of lessons.

Below is a summary of the overall data for our 2024-year 4 cohort's abilities to swim:

Children able to swim between 5m-10m	10/60	17%
Children who can swim between 10m-25m	20/60	33%
Children who can swim 25m+	21/60	35 %
Children who can swim multiple lengths of 25m+	9/60	15%

Year 5 swimming booster sessions 2023-2024

Below is a summary of the overall data for our 2024 year 5 cohort's booster session for those who could not swim 5m unaided:

Children able to swim 5m unaided	15/26	58%
Children who can swim 10m unaided	9/26	34%
Children who can swim 25m+	2/26	8%

Headlines for 2023– 2024:

All children from year 4 and those children who attended the booster session from year 5 were able to swim 5m unaided.

9 children in year 4 were swimming at an advanced level; three of these children swim at club level and two of these children swim at county level.

83% of the children could swim at least 10m unaided.

All children who attended the booster sessions in 2023-2024 can now swim at least 5m.

Plan for 2024-2025 academic year

We have booked for year 4 to attend the intense swimming programme in the summer term. There will also be additional booster sessions for children in year 5 and 6 who cannot swim between 5m -10m this will provide 25 children with this opportunity. The aspiration is for all children to leave Manford Primary being able to swim 25m unaided.
